

Quiklok Resin Coated Cable Ties

Quiklok is our premium marine grade stainless steel, tool-less zip tie. The stainless steel strap simply feeds around the pre-drilled holes of the sign or label, and back through its own built-in tightening and locking device. Once tied, the Quiklok is locked permanently. Coated with polyester epoxy resin coating to prevent dissimilar metal corrosion, coating has been tested to 180 degrees for a 15min period and passed this test successfully.

- 25+ year lifetime
- Non-flammable
- Excellent ultraviolet resistance
- Excellent chemical resistance
- Provides a strong, durable method of cable bundling
- Can be used in a wide range of indoor, outdoor and underground applications
- Smooth surfaces and rounded edges assures cable protection and worker safety
- Provide the ultimate support for network cables

Specifications

Material Type: 316 Stainless Steel

Operating Temperature: -80° C to +85° C

Strength Rating: 40-80kg (Size Dependant)
